Dr. Lambert, the Family Physician of this City, is Hurriedly Summoned to Washington - Later Report Shows Much Improvement.

A telegram from President Roosevelt to-day called Dr. Alexander Lambert to Washington to attend little Archie, who is ill with diphtheria. Dr. Lambert is the Roosevelt family physician, and has offices at No. 36 West Thirty-first street, where the telegram was received.

The wire was short. It ran:

"COME AT ONCE, ARCHIE HAS HAD A TURN FOR THE WORSE."

Dr. Lambert was not in his office at the time the telegram arrived, but he was immediately located and its contents made known to him.

With only a half-hour to make preparations, he hurried into a change of clothing and, taking his grip, caught the 2.10 train for the capital.

### DEPEND ON EFFECT OF HIS MOTHER'S TESTIMONY.

Mr. Jerome May Ask for a Postponement Until Monday When Court Convenes To-morrow, as This Move Has Taken Him by Surprise.

Harry Thaw's defense has closed. His lawyers served notice upon the District-Attorney's office late this afternoon that they would have no more evidence in chief to offer in behalf of their client.

This important decision was reached at the close of a long conference in which all of Thaw's lawyers and several members of his family took part. The slayer of Stanford White expressed his approval of the move when word of it was taken to him at his cell in the Tombs.

As soon as, he had been officially notified of the decision of the Thaw side Mr. Jerome made his preparations for offering evidence in rebuttal. But as he had been taken by surprise it is not believed that he will be ready to go on in the morning when the trial is scheduled to be resumed before Justice Fitzgerald. It is probable that the District-Attoney will ask for an adjournment until Monday, so that he may decide in In the second afteen minutes 23,600 the mean time whether to go on with the case or ask for a commission in lunacy on the strength of the defense's testimony regarding insanity.
